Payment from Guarantee Fund.

AUDIT OFFICE, OTTAWA, October 23, 1900.

SIR,—I beg to inform you that I have received an Order in Council of the 10th inst., authorizing the payment of $145 from the fund created by 60-61 Vic., chap. 26, so as to make good to the proper person a loss of that amount sustained through the miscarriage of a registered letter posted at Huntersville and addressed to Mr. William Sword, Beatrice. The Act referred to, under the first section, empowers the Postmaster General to make rules and regulations for the establishment and maintenance of a fund wherewith to make good to the Crown any loss occurring through the failure of any officer or employee of the Post Office Department in the performance of his duty. It seems to me the loss in the present instance is not a loss to the Crown, and I shall be glad to have your explanation of the matter.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, February 4, 1901.

SIR,—I have the honour to acknowledge your letter of the 23rd ultimo, calling attention to a payment made by authority of Order in Council to Mr. William Sword, of Beatrice, Ont., on account of the loss of a registered letter to his address which is proved to have diappeared in course of post, and observing that the fund out of which the loss was paid was designed to protect the Crown against loss through the default of its officers, and that in this case there does not appear to have been any loss to the Crown.

In reply, I am to say, that when this department first took guarantee bonds on behalf of railway mail clerks and post office clerks, it was chiefly with a view to affording a measure of protection to the public against losses arising through any fault on the part of those officers; and that under this system many losses were paid without any objection being raised on the part of the guarantee companies, whose responsibility was towards the Crown and not towards any private individual.

Had such bonds not been taken, and had the responsibility assumed by the companies not been interpreted so as to cover losses by private individuals, there would not have been any effective means of protecting the public from the results of unfaithfulness or carelessness on the part of officers to the post office through whose hands letters and other articles of mail matter passed, inasmuch as the department itself was (and is) legally exempted from responsibility for losses occurring in course of post.

Railway mail clerks and the great majority of post office clerks do not in general handle public funds at all, and therefore, with one or two exceptions in the larger city post offices, there would be no necessity to place them under bonds were it not for the risks necessarily ataching to the handling of correspondence.

The present system of insuring mail clerks and post office clerks superseded the former system of guarantee bonds, and is designed to offer the same security to the department and to the public.

The department always holds an officer personally responsible as far as possible for any loss to the public occurring through his fault; and when, for any reason, personal responsibility cannot be enforced, it seems reasonable that a fund created by the contributions of post office employees, who cannot make default to the revenue, but who may cause loss to private individuals, should be made available for covering such loss.

I am, sir, your obedient servant,

The Auditor General. W. D. LESUEUR, *Actg. D.P.G.*

AUDIT OFFICE, OTTAWA, February 14, 1901.

SIR,—I beg to acknowledge the receipt of your letter of the 4th inst., with reference to a payment of $145 to Mr. Wm. Sword, authorized by Order in Council to be paid from the fund established under the authority of 60-61 Vic., chap. 26.

It seems to me the Act of parliament quite clearly limits payment from this fund to making good losses sustained by the Crown; and unless it can be shown that the government is liable under the laws, for the loss in Mr. Sword's case, the payment in question should not have been made.

I am, sir, your obedient servant,

Acting Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

Increase of Salary to F. Hawken, P. O. Inspector, Ottawa.

AUDIT OFFICE, OTTAWA, May 31, 1901.

SIR,—With reference to the increased salary, $2,400 per annum, paid Mr. F. Hawken, post office inspector at Ottawa, from November 22, 1900, I beg to call your attention to that portion of schedule B., chap. 17, R.S.C. applicable to post office inspectors.

Under this schedule it is a necessary condition that a first class inspector shall have served ten years as such before he may be paid a salary of $2,400, and in this view of the law the increased remuneration to Mr. Hawken is contrary to the statute.

Mr. Hawken was, it appears, appointed a post office inspector of the second class, in November, 1890, at $2,000 per annum, and on July 1, 1893, was promoted to the rank of first class at a salary of $2,200, so that he will not have completed the necessary service of ten years until June 30, 1903. I presume in computing his years of service you have taken into account his period of service as a second class inspector, but in my opinion, the statute is not to be interpreted in that sense.

Again, if your interpretation is the correct one, payment of the increased salary should begin from the first of the official quarter (January 1, 1901,) as directed by sec. 27 of the Civil Service Act.

I shall be obliged if you will let me have your explanation of this matter at an early date so that a definite decision may be arrived at before the end of the fiscal year.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, June 6, 1901.

SIR,—I have the honour to acknowledge the receipt of your communication of the 31st ultimo, calling attention to an increase of two hundred ($200) dollars in the salary of Mr. F. Hawken, post office inspector, which took effect on the 22nd November, 1900, and representing that the increase in question had not at that date become payable, inasmuch as Mr. Hawken will not have completed the service of ten years as an inspector of the first class required as a condition thereof until the 30th June, 1903.

In reply, I have to say that the payment in question was made out of money specifically voted for the purpose mentioned, and in accordance with an Order in Council providing for its application to that purpose.

I beg leave also to observe that if you will turn to the Supplementary Estimates for the year ended 30th June, 1893, you will find a similar case. to which it does not appear that any objection was ever raised, I refer to item 79 which is thus expressed:

'Amount required to increase the salary of Mr. W. W. McLeod, inspector of the 'Manitoba postal division, from $2,200 to $2,400, he having completed ten years' ser-'vice as inspector on the 1st March, 1892, $266.67.'

The reason assigned in this case was that Mr. McLeod has 'completed ten years' service as inspector,' yet it was only on the 1st July, 1884, that he had been made an inspector of the first class.

It was considered that this case constituted an indication as to how the law had been and might be interpreted. Provision was, therefore, made for Mr. Hawken's increase in the same manner as had been done for Mr. McLeod's, and payments as above stated was made in accordance with the parliamentary vote.

I am, sir, your obedient servant,

The Auditor General. R. M. COULTER, *Dy. P.M.G.*

AUDIT OFFICE, OTTAWA, July 5, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter of the 6th ultimo, in explanation of the increased salary paid to Mr. Hawken, post office inspector at Ottawa, from November 22, 1900.

I shall be glad if you will point out the evidence that was before parliament at the time the vote was taken to show that the amount asked for—$121.12—was for the purpose of giving a special increase of salary to Mr. Hawken to date from a particular time.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

Re Post Office Revenue : Postmasters' Cash Accounts.

AUDIT OFFICE, OTTAWA, April 3, 1901.

SIR,—The Postmasters' Revenue Returns are not now furnished to this office. For some time a special return covering Post Office Revenue only was furnished. It is necessary that we should have either this return or the ordinary one made to your department. If you consider it more convenient to furnish the latter you should direct postmasters to make them in duplicate, one copy of which should be forwarded here as soon as it has been examined and passed by your officers.

In the meantime, I have to ask for the returns for the September quarter of 1900, received from the province of Ontario. These will be promptly examined and returned ; and the returns for another province can then be furnished.

Your early attention is requested.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, May 3, 1901.

SIR,—Replying to your letter of the 3rd ulto. regarding certain Post Office Revenue Returns which at one time were furnished to you by this department, but which were discontinued some two or three years ago, I beg to say that postmasters do not provide a special revenue return, the daily and weekly cash accounts giving sufficient data for the purposes of this department and as no special revenue return is received it will not be possible to furnish you with a duplicate.

I would suggest for your consideration the alternative of a test audit by which, a number of cash acounts from different post offices having been selected by your officer, the process and accuracy of bringing the revenue to account could be tested and, if found correct, it might be fairly assumed that, as all the cash accounts are treated similarly, the whole revenue is correctly stated by this department.

This, I understand, is the system adopted in England.

I am, sir, your obedient servant,

The Auditor General. R. M. COULTER, *D.P.G.*

AUDIT OFFICE, OTTAWA, June 10, 1901.

SIR,—Referring to the cash accounts from 9 of the post offices in Ontario, received with your letter of the 8th ulto., I have to call your attention to the following :—

The additions do not bear evidence of having been verified.

The amount of stamps sold by vendors on which discount is allowed is not always stated. Sometimes 1 per cent and more frequently more is allowed.

The inventory of cash on hand, called for on every return furnished is frequently omitted ; in one case it is not given even at the end of the month.

An inventory of the postal notes on hand at the end of each month should be given.

When sending cash accounts in future for audit, I have to ask that the statements and papers in connection with the several items on the account be furnished.

I am writing separately in reference to the deposit of the receipts.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, June 21, 1901.

SIR,—I beg to acknowledge receipt of your letter of the 10th instant having reference to your audit of the cash accounts which were recently submitted to you, and in reply I have to say that :

1st. As you state the additions of cash accounts are not verified on the accounts. This is arrived at by the cross addition of the entries in the ledgers, which is found to be a very much more satisfactory and correct manner of verification.

2nd. The amount of stamps sold to vendors is not checked by the entry on the cash account. This is verified by a special statement which accompanies each cash account in which credit is claimed for discount paid to a stamp vendor, consequently this office has not been particular to see that the amount is stated on the cash account itself. 1 per cent is the general amount of discount paid to vendors, but in case of lobby vendors in city post offices more than 1 per cent is frequently allowed.

3rd. In the latest form of cash account printed, postmasters are not required to give an inventory of either the cash or postal notes on hand. It was not found to work satisfactorily and has, therefore, been abandoned.

I am, sir, your obedient servant.

The Auditor General. R. M. COULTER, *D.P.G.*

AUDIT OFFICE, OTTAWA, May 27, 1901.

SIR,—I have received your letter of the 8th instant, with the cash accounts for the month of September last, from nine post offices in Ontario. As requested, I am now returning them.

The balances carried over from day to day at most of these offices seem to be unnecessarily large. The form reads : 'Cash received too late to be deposited this day and carried forward to next account.' An examination of the accounts in question will inform you that this regulation is not very closely observed. I understand it is not now necessary to hold cash to meet money orders at places where there are banking facilities. Are there any other reasons why it should be held ?

The prompt deposit of the receipts should be closely watched.

I am writing separately on other points in connection with these accounts.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, June 4, 1901.

SIR,—I beg to acknowledge receipt of your favour of 27th ult., with which you return certain cash accounts which were recently submitted to you for audit.

It is stated that certain postmasters appear to have been permitted to hold unnecessarily large cash balances, in view of the fact that where there is a bank on the spot cash is not required to be held to pay money orders. I fear that in making this assertion you have failed to give full consideration to the subject. For instance the accounts do not show what proportion of the cash balances was paid to postmasters after bank hours, by purchasers of money orders, postal notes and postage stamps and deposits of savings bank funds.

The important fact also appears to have been lost sight of that the department is under an obligation to the purchasers of its money orders to cash such orders on presentation at the paying post office during ordinary post office hours, and unless

some degree of latitude is permitted postmasters, in the retention of cash for that purpose the department would be unable to discharge its obligations, a position, which, to say the least, would be undesirable.

I am pleased to be able to assure you that careful attention has been given to see that postmasters promptly deposit surplus funds, as a proof of which I need only point to the small number and amount of losses suffered by this department in connection with the handling of very large sums of money passing through the hands of its postmasters.

I am, sir, your obedient servant,

The Auditor General. R. M. COULTER, *D.P.G.*

AUDIT OFFICE, OTTAWA, June 7, 1901.

SIR,—I have received your letter of the 4th instant in reply to mine of May 27, in reference to unnecessarily large cash balances carried over from day to day by certain postmasters.

You call attention to two points to which you think I have not given full consideration : (1) the amount of cash received after banking hours ; (2) the necessity of holding cash to meet money orders presented for payment during office hours.

The form on which the return is made calls for two deposits each day, one in the forenoon and the other in the afternoon ; and clearly states that the cash carried over should be only the cash received too late for deposit.

The postmaster at Hamilton seemingly carries out these regulations. If he can do so, why not all the others ? At Belleville the deposit is made each forenoon and covers only the balance carried from the previous day. At Brantford only 3 deposits were made during the whole month, and the cash carried over was in excess of $200 eight times and in excess of $300 five times. At Kingston no deposit was made on the 1st and $1,113.20 was carried over to next day ; no deposit was made any day from the 17th to 22nd both inclusive, and the balance carried over varied from $201.94 to $384.25 ; no deposit was made on the 29th and the balance carried over was $986.95. At London a deposit was made each forenoon with two exceptions, and the amount deposited was in every case $500 less than the balance carried from the previous day.

At Toronto no deposit was made during the whole month, and the balances carried over sometimes amounted to over $3,000 and frequently to over $200. Did this practice arise from the desire held for a time of paying all money orders in cash ? Has any change since been made ?

Do you not think the postmasters referred to above might more closely observe the regulations and deposit their receipts more promptly ?

I am, sir, your obedient servant,

Te Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, July 4, 1901.

SIR,—Having reference to previous correspondence on the subject of the cash balances retained from day to day by certain postmasters, I beg to acknowledge receipt of your letter of the 7th ult.

Although the cash accounts submitted to you for audit bear instructions to postmasters to deposit cash twice each day it was found that to carry this into practice

was a source of inconvenience and annoyance to the public, whose orders frequently could not be paid in cash after the morning's deposit had been made, consequently this regulation was countermanded and postmasters were required to make but one deposit each day.

At Hamilton instructions not to deposit twice each day were misunderstood but the matter has since been set right.

At Belleville up to May 1 last the funds were deposited in morning only, since that time deposits are made only in the afternoon.

At Brantford the average amount on hand at the close of the day was about $190, and the average amount of orders paid daily was $600. It will, therefore, be seen that the postmaster was justified in retaining the cash balances.

At Kingston on the date mentioned savings bank deposits to the amount of $823 were received and it is just possible that the whole cash balance of $1,113.20 was received too late for deposit on that date. The first opportunity after that date was taken advantage of to place the whole amount in the bank. The balances carried over from 17th to 22nd amounted to between $200 to $350, but the orders paid daily during that period amounted to $350 to $600.

At London the deposits were made in the morning in error. This has since been corrected. The postmaster is authorized to hold a reserve of $500.

Toronto, being the chief paying point in Canada, is treated exceptionally, being allowed to hold considerable cash balances in anticipation of heavy payments in the early part of the day.

It is impossible to apply a hard and fast rule with regard to the amount of cash balances retained by postmasters at the paying centres, consequently the officers of this department whose duty it is to examine these accounts are guided largely by their knowledge of the requirements of each particular office.

I am, sir, your obedient servant,

The Auditor General. R. M. COULTER, *D.P.G.*

AUDIT OFFICE, OTTAWA, July 10, 1901.

SIR,—I am in receipt of your letter of the 4th instant *re* postmasters' cash accounts.

Seemingly, no uniform practice is observed as to the deposit of the cash receipts. However at many offices a deposit is made every day. Some deposit the exact amount of the balance carried from the previous day ; others deposit more. It is desirable, if at all possible, that the practice should be made general. I may add that the Treasury Board passed a Minute May 23, 1890, directing that where possible a daily deposit should be made.

At Dawson the receipts of each day are depostied and no balance carried forward. How is that arranged ?

You do not give any reason why the postmaster at London was authorized to hold a reserve of $500. At Truro $100 is held also. Unless there is some absolute necessity for it this privilege should be revoked.

No doubt a large number of money orders are redeemable at Toronto. One would suppose that the bulk of them are held by business men who would prefer getting them marked payable at bank instead of drawing the cash. On further consideration I trust you may deem it proper to direct that a daily deposit shall be made at this office.

The office at Three Rivers was inspected in May last and at that time the postmaster was short $72.37. He claimed that he had taken it as his share of the box rents. What action was taken in reference to this case ?

As requested I am sending back the returns received with your letter of June 18.

I am, sir, your obedient servant,

The Deputy Postmaster General. JOHN GORMAN, *for A.G.*

Re **Discount on Stamps sold.**

AUDIT OFFICE, OTTAWA, September 13, 1901.

SIR,—Acording to a return from your department, received here on the 7th instant, there was allowed to the postmaster at New Carlisle, Que., during 1900-1901, $125.45 for discount on stamps supplied to non-accounting offices.

This seems to be an unusual allowance and I shall be glad to have some explanation of it. Are any other postmasters allowed a discount on stamps supplied non-accounting offices ?

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, September 17, 1901.

SIR,—I am in receipt of your letter of the 13th instant in which you make inquiry regarding the amount of $125.45, paid to the postmaster at New Carlisle as a discount on stamps supplied to non-accounting offices.

With the exception of New Carlisle all non-accounting offices purchase stamps from city offices where no commission is paid. New Carlisle was authorized by the department in May, 1890, to supply certain non-accounting offices with postage stamps and is paid a commission at the rate of 2 per cent.

I am, sir, your obedient servant.

The Auditor General. R. M. COULTER, *D.P.G.*

AUDIT OFFICE, OTTAWA, September 25, 1901.

SIR,—You state in your letter of the 17th that all non-accounting offices purchase stamps from the city offices, excepting those who purchase at New Carlisle ; and that this office was authorized by the department in May, 1890, to supply stamps to certain non-accounting offices on which a commission of 2 per cent is allowed.

I have to ask why an exception was made in favour of New Carlisle, and why a commission of 2 per cent is allowed in this case where the stamps are furnished in quantities to a limited number of non-accounting officers, the general rate being only 1 per cent where the stamps are retailed to the public.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

Re **Casual Revenue.**

AUDIT OFFICE, OTTAWA, April 17, 1901.

SIR,—On the return of Casual Revenue for the quarter ended December 31, 1901, there appears the following item :—

'Paid by J. S. Broderick, Advocate, Sherbrooke, Que.. on account of rent for premises sub-let to him by the department.'

Please let me have a copy of the lease with Mr. Broderick. If no lease has been made, please give particulars of the arrangement made, length of term, date of commencement, amount of annual rent and when payable.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

Re **Post Cards redeemed.**

AUDIT OFFICE, OTTAWA, April 23, 1901.

SIR,—Among the damaged stamps and cards destroyed yesterday, were 2,893 1c. post cards, on which an incomplete communication was printed, dated 190 Yonge St., Toronto.

These cards were returned by the postmaster at Ottawa, who had exchanged them for stamps.

As the practice of redeeming stamps and cards has been stopped, this transaction seems to call for an explanation.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, April 25, 1901.

SIR,—I beg to acknowledge the receipt of your letter of the 23rd instant requesting the explanation, in view of the discontinuance of the practice of redeeming postage stamps and post cards, respecting a lot of 1c. post cards (2,893 in number) on which an incomplete communication had been printed. dated 190 Yonge Street, Toronto, and which was among the damaged stamps and cards destroyed on the 22nd instant.

In reply, I desire to say that the lot of post cards in question had been purchased by The T. Eaton Company, Ltd, Toronto, but owing to their having been spoiled, presumably in the process of printing the communication which proved to be unsuitable or incomplete, they could not be used, and so were never posted. The company applied to the department for an exchange of those cards, asking that clean ones be given them instead, and expressing their willingness to indemnify the department for the cost entailed in the manufacture of the spoiled cards. In view of the exceptional nature of the circumstances their request was granted : and accordingly the postmaster of Ottawa was instructed to exchange the cards for their equivalent in clean cards, less the cost of manufacture, which was $2.32.

As you will observe, the transaction referred to was not a case of redemption at all, but one of exchange.

I am, sir, your obedient servant,

The Auditor General. R. M. COULTER, *D.P.G.*

AUDITOR GENERAL'S REPORT
1900-1901

Payment of Account of Six Years Standing.

AUDIT OFFICE, OTTAWA, August 30, 1901.

SIR,—In the month of May last, cheque No. 23478, chargeable against the appropriation for the Franchise Act, was issued in favour of the New Glasgow *Enterprise* for the amount of $75 for 'printing voters' lists for the County of Antigonish in 1894-5. Kindly explain why this account has remained unsettled for six years after it was incurred.

I am, sir, your obedient servant,

The King's Printer. FREDERICK HAYTER, *for A.G.*

Allowances made to Certain Departments on the Accounts Rendered them.

AUDIT OFFICE, OTTAWA, September 28, 1901.

SIR,—I have received from your accountant the final statement for 1900-1 of the accounts unpaid by the several departments. In this statement there is an item of $191.02 allowed to the House of Commons, and one of $883 allowed to the Department of Railways and Canals. Kindly explain what these allowances are.

I am, sir, your obedient servant,

The King's Printer. J. L. McDOUGALL, *A.G.*

Parliamentary Authority Required for Issue of Credits for which there is no Appropriation.

AUDIT OFFICE, OTTAWA, April 25, 1901.

SIR,—I am in receipt of your application of the 24th inst. for the issue of a letter of credit for the sum of $50,000 for printing, binding, lithographing, &c., and for stationery.

On examining the books of this office I find that the King's Printer's Advance Account and the Stationery Office Stock Account each show a debit balance of over $100,000. The expenditure which goes to make up these balances is not covered by any parliamentary appropriation. Section 30 of the Consolidated Revenue and Audit Act is the only legal authority I have for authorizing the issue of a letter of credit in any instance. That section provides 'that when any sum of money has been granted to His Majesty to defray expenses for any specified public services, and as soon as the Governor General has issued his warrant authorizing the payment of such sum or sums as are required to defray such expenses, the Minister of Finance and Receiver General may from time to time, on the application of the Auditor General, cause credits to be issued in favour of the deputy heads, officers, clerks or other persons connected with the several departments or services charged with the expenditure of the money so authorized.' Again, section 16 of the Public Printing and Stationery Act, which Act provides for the performance of printing, binding, lithographing, &c., and also for the purchase of stationery, provides that 'the expenses to be incurred under the provisions of this Act shall be paid out of such moneys as are appropriated for the purpose by Parliament.' From the sections quoted above it appears to me that the present method of issuing credits for expenditure to be charged to the King's Printer's Advance Account, and to the Stationery Office Stock Account is illegal, there being no parliamentary appropriation. I shall not pass this application until an understanding has been arrived at as to the course to be followed in the future. I shall be glad to meet yourself or any other person on the subject.

I am, sir, your obedient servant,

The King's Printer. J. L. McDOUGALL, *A.G.*

DEPT. OF PUBLIC PRINTING AND STATIONERY, OTTAWA, April 27, 1901.

SIR,—I have to acknowledge receipt of your letter of the 25th, in which you decline to issue another credit to carry on the work of this department. You are evidently under a misapprehension as to the true state of the account. The fact is simply that on the 1st of April last the Bureau was $14,211 to the good over and above all advances, as appears by the statement appended. As you are aware, the accounts of the Bureau are every year closed with a surplus after repaying all advances.

I can see why you are astray. It is because the month of March was the heaviest month known in the history of the Bureau. The goods sent out amounted to $102,923. Then there are arrears of $13,671, and besides all this there are the deliveries for the present month—now to close in three days. None of this appears in your books to the credit of the Bureau—nor can it appear, for your books are two months behind the real facts of the business, and that from the necessity of the case. These months are in this instance unusually heavy from the great efforts made to get all the work out earlier than usual, and so to meet the requirements of the Government. I am to-day bringing the matter before the Minister. As you are aware you and I have argued it over before. I can neither add anything to my previous letters nor have I the power to make any change. I sincerely hope that before next Thursday (when the wages are due) I shall in some way be enabled to pay the working people, otherwise a great hardship and injustice will be inflicted upon many deserving families who depend upon their earnings and have no reserve capital to rely upon for their daily needs.

I am, sir, your obedient servant,

The Auditor General. S. E. DAWSON, *K. P. & C. S.*

State of King's Printer's Advance Account on the 1st April last.

CR.	Balance from last year	$ 5,101 94
	Total charged out	353,153 05
	Total credit	$358,254 99
	debit	344,043 22
	Leaving a credit balance of	$ 14,211 77

DEPT. OF SECRETARY OF STATE, OTTAWA, April 30, 1901.

DEAR SIR,—The King's Printer informs me that he has asked you for a credit of $50,000, the money being required to pay wages, &c., to be due on Thursday next. Dr. Dawson has forwarded to me a copy of your letter of April 25th, in which you state that you 'will not pass his application until an understanding has been arrived at as to the course to be followed in the future.'

On examining the advance account shown by the King's Printer on the 1st April, present month, there was a credit balance in favour of the Bureau of $14,211.77. The months of March and April have been unusually heavy at the Bureau, and it appears from Dr. Dawson's letter that up to the present you have not taken into account the work done during those months. With this explanation I hope you will see your way to giving the King's Printer the credit he asks for.

Yours truly,

The Auditor General. R. W. SCOTT, *Sec. State.*

AUDIT OFFICE, OTTAWA, April 30, 1901.

DEAR SIR,—I have your letter of this date in reference to my difficulty in passing a credit to the King's Printer. Dr. Dawson discusses this question as if I were justified in placing to this credit the charges that are made against various departments, but which are not acknowledged by the departments in any statements that have been placed before me. So far as any evidence in my possession, the departments could repudiate charges for goods which I presume have been delivered but which are not paid. What I want to get is authority from Parliament to make advances to the King's Printer. Any credit to the Bank of Montreal in favour of the King's Printer, until the cheques drawn under it have been met by cheques from the departments, should be under parliamentary authority. I am only an agent of Parliament, the official who has to see that there is parliamentary authority for anything that Parliament alone can authorize. A short Act could sanction these advances for the future. I have said to the King's Printer that I shall be delighted to point out to yourself and King's Printer, or any Minister, how easily the change that I desire to see put into practice could be legalized.

I am, sir, your obedient servant,

The Secretary of State. J. L. McDOUGALL, *A.G.*

DEPT. OF PUBLIC PRINTING AND STATIONERY, OTTAWA, May 1, 1901.

SIR,—With reference to your letter advising me of the stoppage of the credit by which this department is carried on, I beg to inform you that there was yesterday deposited to the credit of this department the sum of $70,000, and that to-day payments have come in to the amount of $11,000 more. This bears out the assertion in my previous letter concerning the enormous output of work in the month of March, and there are a number of large accounts still to come in for the same month.

I would also repeat that yesterday the month of April closed, and the whole of the output for April is now being made up and the accounts are being sent to the different departments. As you are aware, these accounts will not be due until the 25th May, precisely as the March accounts were not due until the 25th April. The subject of your letter is before the Minister, and will no doubt receive his early attention; but in the meantime I would ask whether, in view of the circumstances above stated, you are not prepared to issue the credit asked for. I am particularly anxious about the wages of the men which are now due, and the cheques should be handed to them early on Friday, the 3rd. It is a serious thing to withhold the wages of the workingmen, and if such an occurrence should take place it will be injurious to the public service.

I am, sir, your obedient servant,

The Auditor General. S. E. DAWSON, *K.P. & C.S.*

Discussion as to what the Credits of $200,000 Authorized by Parliament are Intended to Cover.

DEPT. OF PUBLIC PRINTING AND STATIONERY, OTTAWA, September 27, 1901.

SIR,—I am informed by the accountant of this department that you have declined to accede to his request for a $50,000 credit in order to carry on the work of the department and to pay wages and supply material. I beg to ask that you will be good enough to inform me of your reasons for taking such a step as this.

I am, sir, your obedient servant,

The Auditor General. S. E. DAWSON, *K.P. & C.S.*

AUDIT OFFICE, OTTAWA, September 27, 1901.

SIR,—I have to acknowledge the receipt of your application of yesterday for a letter of credit for $50,000. Chapter 18 of the Acts of last session provides that the amount advanced to you for carrying on the work of your department shall not at any time exceed $200,000. Your accounts show the following debit balances:—

King's Printer's Advance Account	$ 35,970 75
Stationery Office Account	113,237 90
Letter of Credit Account (1st Sept.)	62,940 29
	$212,148 94

No deposits have come to account for supplies furnished or work done for the varicus departments during the current year, and until they are received I shall be unable to authorize any further credit.

I am, sir, your obedient servant,

The King's Printer. J. L. McDOUGALL, *A.G.*

DEPT. OF PUBLIC PRINTING AND STATIONERY, OTTAWA, September 30, 1901.

SIR,—I have the honour to acknowledge receipt of your letter of the 27th September, which has probably crossed my letter of inquiry dated the same day. I would observe in reply that the statements in your letter are seriously inaccurate, under the following heads:—

1st. Because the purport of the statute in question was to provide funds and material for the execution of the work ordered by Government, and was not intended to cover the entire stock of stationery which has been carried during the past thirty years by the Government of Canada, from the time of the inception of the Stationery Office. The purview of the Act was intended to extend, and does extend, solely to those operations of manufacture which are carried on for Parliament during recess, and for the departments. The stock of stationery goods which is held in the department and which your officers have checked every year is an asset of Government as solid as anything else the Government holds.

2nd. It is inaccurate to say that no deposits have come to account for work done during the current year, because on the 1st September $34,423 was deposited in the Bank of Montreal against work of this year. All that possibly can be done by me is to deposit the money. I cannot follow it beyond the bank. I would, moreover, observe in this connection that there is a balance of about $15,000 to the credit of this department on transactions of last year, having been left over from last year, and, therefore, applicable to the work of this year. These two sums amount to $49,500.

3rd. It is impossible that this department can have had any more advances than it asked for, and the advances asked for this year were three advances of $50,000 each. At the very outside, then, not more than $150,000 has been advanced in all.

The conclusion from the above remarks is clearly that the figures of your letter are over $100,000 out of the way. Taking the sum total of advances as erroneously laid down in your letter it amounts to $212,148 94

From which I deduct—

Deposited on 1st September	$34,423 00	
Stationery stock on hand July 1, as verified by your own officers	71,485 80	
Approximate balance coming over from last year's operations	15,000 00	
		$120,908 80
The real advance then is		$ 91,240 14

Finally, I have to point out that if I do not quickly obtain from some source the advances requisite to pay the wages of the men and supply paper for the blue books now being prepared for next session of Parliament, the establishment will have to be closed and the public service will be blocked.

I am, sir, your obedient servant,

The Auditor General. S. E. DAWSON, *K. P. & C. S.*

AUDIT OFFICE, OTTAWA, October 1, 1901.

SIR,—I beg to acknowledge receipt of your letter of yesterday in reply to mine of 27th ult., in the matter of your application for a letter of credit for $50,000. As regards your contention that the stock in the Stationery Office should not be taken into account in estimating the amount available at any time of the statutory sum of $200,000, I can only say that our interpretation of the Act differs. Your reason for so holding seems to be that the stock is an asset of the Government. So is the building in which you carry on your work, yet it could not be built until an appropriation was voted for the purpose. Let us assume that you find it necessary to largely increase the amount of stock carried. Do you contend that the increase should not be made a charge against the $200,000.

I was strictly correct in saying that no deposit had come to account for the current year. The fact that you made a deposit in the Bank of Montreal on the 1st September does not in any way contradict my statement. You must be aware that the Receiver General does not get returns of revenue from the banks of deposit, but receives them from the departments making the deposits, and if you still have the deposit receipt in your possession (which I assume to be the case) how is it possible that they could have come to account ?

I did not overlook the credit balance in King's Printer's Advance Account at the beginning of the year, which as a matter of fact is some two thousand dollars more than you state it—the exact figure being $17,723.94. The charges to the account since the 1st July are $53,694.69, leaving a debit balance of $35,970.75, as given in my letter. Then there are the payments in England for Stationery Office, amounting to something over $14,000, which you seem to have ignored in considering the amount of advances in the third head of your letter. Whatever may be the correct interpretation of the amending Act of last session so far as regards the stock in hand at the time of the passing of the Act, it surely cannot be urged that future purchases are to be considered as not coming under its provisions.

I am, sir, your obedient servant,

The King's Printer. J. L. McDOUGALL, *A.G.*

DEPT. OF PUBLIC PRINTING AND STATIONERY, OTTAWA, October 2, 1901.

SIR,—I have the honour to inquire whether it is your intention to issue the credit applied for, for the purpose of carrying on the operations of the Printing Bureau. I beg to point out that in the course of two or three days the wages of the operatives will require to be paid, and unless this credit is issued there will be 500 people put out on the street without the money which is justly due them. And, moreover, the printing in preparation for the coming session is now going on with rapidity, and any interruption or delay will be felt immediately the House opens and all through the session.

I beg most earnestly to protest against the uncalled-for and illegal procedure of stopping a credit which the House of Commons deliberately voted. It was voted, as you will remember, at a time when you had refused a credit for the Bureau and the

House expressed its opinion by voting $200,000 as a current credit to carry on current operations. I would, therefore, call upon you to obey the statute and allow the work of Government and of Parliament to proceed. The application for a credit of $50,000 is still in your hands.

I am, sir, your obedient servant,

The Auditor General. S. E. DAWSON, *K. P. & C. S.*

AUDIT OFFICE, OTTAWA, October 2, 1901.

SIR,—I have your letter of to-day about the credit. I presume that you did not get mine of yesterday. Your letter does not seem to have been written with a knowledge of what was in mine. I am very glad to give you every assistance in my power, but the matter is all in your own hands. If you get the receipts brought to account, the credit will issue. It is the duty of your accountant to endeavour to understand what is required. You speak of my illegal procedure, but to me it appears to be legal, and the only course which is legal. I do not desire to delay your work, but on the contrary to expedite it.

I am, sir, your obedient servant,

The King's Printer. J. L. McDOUGALL, *A.G.*

DEPT. OF PUBLIC PRINTING AND STATIONERY, OTTAWA, October 3, 1901.

SIR,—Your letter dated October 1 did, as you suppose, cross mine. It would not, however, have affected my reply. I decline to be drawn into matters of circumlocutory book-keeping or into any extraneous subtleties. My department is concerned with real things, and with pressing business.

The facts are palpable. You have been authorized by Parliament to make advances to the extent of $200,000 which is to be recouped by moneys deposited to the credit of the Receiver General. You refuse to do it. You have made three advances, equal in all to $150,000, and on the other hand I deposited in the Bank of Montreal on September 1, $34,423, and on September 30, $43,561, in all $77,984. Nothing can alter facts so obvious. No discussions can change them, and, therefore, I again call upon you to obey the supreme powers of the state, and so beg to close the correspondence.

I am, sir, your obedient servant,

The Auditor General. S. E. DAWSON, *K. P. & C. S.*

AUDIT OFFICE, OTTAWA, October 3, 1901.

SIR,—I have just received your letter of this date with reference to the issuing of a credit. I am very sorry that you cannot give time to the question under discussion to enable you to understand it. The accountant of your department was here this morning and he understands part of the case—the part which is important to be known just now. He brought deposit receipts to the amount of $77,984, and I was consequently able, under my interpretation of the law to issue your credit of $50,000.

I have quite enough of letter writing to be willing to close a correspondence, under ordinary circumstances, when it is desired, but I did not feel that I could leave an answer, which was so far wrong as yours appeared to me to be, without a reply.

I am, sir, your obedient servant,

The King's Printer. J. L. McDOUGALL, *A.G.*

Re Arrears due.

AUDIT OFFICE, OTTAWA, May 9, 1901.

SIR,—The arrears due to your department on June 30 last, as published in the Audit Report, page T—54, amounted to $1,217 79
Arrears since accrued 385 52

$1,603 31

The greater part of this amount is due by members of the present and former parliaments and by senators.

I have to inquire what action you have taken since the commencement of the present session to obtain payment of these arrears.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The King's Printer, &c.

DEPT. OF PUBLIC PRINTING AND STATIONERY, OTTAWA, May 10, 1901.

SIR,—In acknowledging the receipt of yours of the 9th, I have the honour to inform you that the amount of $1,217.79 as in your report has since been reduced by $43.49. Accounts are sent out every little while to those who have not yet paid, but there does not seem much possibility of their collection, especially from those who are not now in the House.

I am, sir, your obedient servant,

W. GLIDDON, *Accountant.*

The Auditor General.

Analysis of Coal.

AUDIT OFFICE, OTTAWA, September 17, 1901.

SIR,—I have passed an Application No. 140 for $3,740.31 in favour of John Heney & Son, on account of coal delivered for Ottawa Public Buildings.

The contract and specification contain the provision that quality must be equal to sample. Please let me know whether steps are taken, by chemical analysis or otherwise, to guard against a supply of inferior coal.

I am, sir, your obedient servant,

Hon. J. ISRAEL TARTE, Minister of Public Works.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, January 25, 1902.

SIR,—Let me call your attention to my letter of September 17, 1901, asking for a description of any analytical tests which may have been made of the coal supplied to Ottawa Public Buildings.

We do not seem to have received an answer.

I am, sir, your obedient servant,

Hon. J. ISRAEL TARTE, Minister of Public Works.

J. L. McDOUGALL, *A.G.*

Clinton Public Building : Certificate for Site.

AUDIT OFFICE, OTTAWA, September 13, 1901.

SIR,—Let me acknowledge receipt of an application No. 120, from your department for $2,500, in favour of the executors of the late Ann Moore, being purchase-price of site for Clinton Public Building.

The only document attached is an extract from Mr. L. F. Taylor's report, as follows :—'Without a doubt the most suitable site for the proposed building is Wiltsie's, marked 'A' on plan. It is situated at the junction of Victoria and King streets, and I would recommend that it be the one selected. I consider that $2,200 would be a fair price, although the owners might not be inclined to take less than $2,500 for it, which would be a reasonable figure.'

I do not understand the distinction between a 'fair price' and a 'reasonable price.' Please ask Mr. Taylor to explain. Under section 33 of the Audit Act we can pay only a 'fair and just price.'

I should like to see the full correspondence, and to have some information as to the dimensions of the lot.

I am, sir, your obedient servant,

Hon. J. ISRAEL TARTE, Minister of Public Works.

J. L. McDOUGALL, *A.G.*

PUBLIC WORKS, DEPT. OTTAWA, December 12, 1901.

SIR,—With reference to your letter of September 13 last, on the subject of our application No. 120, for $2,500, in favour of the executors of the late Anne Moore, being the purchase-price of the site for the Clinton public building, and in which you

ask that Mr. Taylor explain the distinction between 'fair price' and 'reasonable price,' I am directed to state that Mr. Taylor has been asked to give the explanation you require, and the following is what Mr. Taylor says in the matter :—

'I think the owners of the property should be offered $2,200, which would be a 'fair price, fair used in the sense of fairly good, but if the owners stand out for $2,500, 'the government will be getting the property at a price which is fair and just.'

I am, sir, your obedient servant,

The Auditor General. FRED. GELINAS, *Secretary.*

PUBLIC WORKS DEPT., OTTAWA, December 17, 1901.

SIR,—In reference to the letter of the Auditor General of September 13, I beg to say that when I examined the property at Clinton, intended for a site for a public building, I was under the impression that if the department could get the property for $2,200 it would be getting it at a fair price, meaning that the government would be making a good transaction in obtaining that property at that figure. I observed further, however, that if the owner was not inclined to dispose of the site in question for less than $2,500, then I was still of opinion that the department would not be paying too great a price for a property of that kind, which I thought worth that sum, if insisted upon.

I am, sir, your obedient servant,

The Secretary, Dept. Public Works. L. FENNINGS TAYLOR.

Collingwood: Contract Let without Public Tender.

AUDIT OFFICE, OTTAWA, July 27, 1901.

SIR,—Let me acknowledge receipt of Application No. 40 for $20,690 in favour of C. S. Boone, for dredging in Collingwood harbour.

I have seen in your department the Order in Council under which this work was let, and would like to have a copy of it.

There does not appear, however, to be an explicit waiver of the general Order which prescribes advertising for all works in excess of $5,000. Please have this omission rectified.

In the absence of a public call for tenders, it will be necessary to have the price of $34,000 certified as 'fair and just.' Also please mention the approximate number of yards to be excavated under the contract.

I am, sir, your obedient servant,

The Secretary, Public Works Dept. FREDERICK HAYTER, *for A.G.*

PUBLIC WORKS DEPT., OTTAWA, Aug. 8, 1901.

SIR,—In reply to your letter of the 27th ultimo, referring to our application No. 40 for $20,690 in favour of Mr. C. S. Boone, for dredging in Collingwood harbour, I have the honour to inform you that a report to Council has been prepared to waive the Order in Council of March, 1880, which prescribes advertising for all works in excess of $5,000, and to state that on future estimates the certificate 'fair and just," will appear, and also the approximate number of yards to be excavated under the contract, as required by you.

I am, sir, your obedient servant,

The Auditor General. FRED. GELINAS, *Secy.*

Port Elgin : Extras not Ordered in Writing.

AUDIT OFFICE, OTTAWA, January 10, 1901.

SIR,—Let me acknowledge receipt, from your department, of Application No. 257 for $900 in favour of John Burns on account of final estimate for Port Elgin.

This estimate contains two items of extras, as follows :—

Placing corner braces on cribs, 72 at $1.50	$ 108 00
Placing posts in outer crib, 2 at $4	8 00

Please send me the documents described in section 5 of the contract form, namely, the engineer's order for these services, fixing the price before the work was done.

I am, sir, your obedient servant,

Hon. J. ISRAEL TARTE,
Minister of Public Works.

J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, January 15, 1901.

DEAR MR. McDOUGALL,—Your letter of January 10 with reference to the final estimate for Port Elgin has come to hand. The small extras that have been carried out were ordered by the resident engineer, Mr. Gray, who, being on the spot, has thought proper to order these. I have no doubt he has given written instructions. We have communicated with him with a view to complying to your wishes. You will understand it is in the nature of things that extras of that kind may appear in nearly every work.

Sincerely yours,

The Auditor General.

J. ISRAEL TARTE.

PUBLIC WORKS DEPT., OTTAWA, January 29, 1901.

SIR,—Adverting to your letter of the 10th instant, acknowledging the receipt of our Application No. 257 for $900 in favour of Mr. John Burns on account of final estimate for Port Elgin, Ont., stating that this estimate contains two items of extras, and asking to be supplied with the documents described in section 5 of the contract-form, namely, the engineer's order for these services, fixing the price before the work was done. I have the honour to inform you that our acting chief engineer to whom the matter was referred, reports as follows :—

'Mr. Gray informs me that the orders for extras were given, and their prices agreed upon verbally, as the extra expenditure was small.

'I have issued a circular-letter to the resident engineers calling their attention to the provisions of clause 5 of the contract forms.'

I am, sir, your obedient servant,

The Auditor General.

JOS. R. ROY, *Acting Sec.*

Payments to Contractor and Sub-contractors for Same Work.

AUDIT OFFICE, OTTAWA, Dec. 27, 1901.

SIR,—Let me call your attention to cheque 84,712 of June 7, 1901, in favour of Albert Bouchard, François Bouchard, Emile Bouchard and Edouard Bouchard,

for $3,036, for transportation of poles for telegraph line between Romaine and Chateau Bay.

From a letter by the deputy minister to the accountant, dated January 10, 1901, it appears that the same service was also paid for under contract with Mr. L. P. de Courval—the other $3,036 being included in the sum of $5,436 shown at the foot of page V—277 of my report of 1899-1900.

Please let me have a more complete description of the circumstances under which the double payment was made. What officer was responsible? Was the Justice Department consulted as to the government's liability for the second payment? What steps have been taken to recover the over-payment from Mr. de Courval?

I notice in Mr. Gobeil's letter the following paragraph : 'However, those parties '(the Bouchards) have not been paid ; and so far as I can find out, either Mr. de 'Courval has been paid in full, or else there are no funds available out of our appro-'priation to make the payment.' What does this mean? Mr. de Courval was paid in full; and there was no balance of appropriation, whether he was or not.

I am, sir, your obedient servant,

Hon. J. Israël Tarte. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, January 10, 1901.

Dear Mr. Kingston,—In the course of the spring of 1900, by order of the minister, I made an agreement with the Captains Bouchard, of Quebec, for the transportation on the Labrador coast of certain poles which had been purchased for the North Shore telegraph line, in the St. Lawrence, at the rate of $1 per pole. Those poles were duly transported by those gentlemen. Subsequently, a contract was entered into with Mr. de Courval for the transportation of the balance of the poles, and it was understood with Mr. de Courval that he would take to his charge the payment due to the Captains Bouchard, and I believe Mr. Keeley made a note to that effect. However, those parties have not been paid, and so far as I can find out, either Mr. de Courval has been paid in full, or else there are no funds available out of our appropriation to make the payment. Be it as it may, however, it is desirable that you should at once ascertain from Mr. Keeley what is the amount due to the Captains Bouchard, and write a certificate of acknowledgment of indebtedness by the department, that I can send to those parties, and of which they can make use at the bank if they so desire. I will be obliged if all expedition is made in the settlement of this matter.

Yours very truly,

A. G. KINGSTON, Esq., Accountant. A. GOBEIL, *D.M.*

PUBLIC WORKS DEPT., OTTAWA, January 20, 1902.

DEAR MR. McDOUGALL,—I am sorry I could not give my attention sooner to your letter of December 27, in reference to cheque No. 84,712, dated June 7, 1901. As soon as my deputy minister is back, I will take the matter up. In the meantime, I will try to get some explanation from the accountant.

Yours truly,

The Auditor General. J. ISRAEL TARTE.

Yukon Vouchers to be Examined by Accountant in June, 1901.

AUDIT OFFICE, OTTAWA, February 1, 1901.

DEAR MR. TARTE,—Let me point out that the delays and inaccuracies by your Accountant's Branch in furnishing necessary statements and vouchers in connection with the accounts have been the cause of much inconvenience and loss of time in the preparation of the report which is now about to be submitted to Parliament, and have been hurtful in other respects.

As illustrations I may mention :

1st. That most of the vouchers of Mr. Charleson's expenditure in the Yukon made between March and October, 1899, only reached this office about December 20 1900, and then, after drawing your special attention to the delay. These vouchers, as we now learn on good authority, were in your department before Mr. Charlson left for the Yukon in the early spring of 1900. As it was, these vouchers never were examined in the Accountant's Branch as is required under section 42 of the Audit Act, and as they evidently should have been even if there was no Audit Act.

2nd. We have not received any departmental cheques of the current fiscal year.

3rd. The statements of deposits with deposit receipts have come to us irregularly, thus postponing the credit to the Receiver-General.

I desire to have a clear understanding with your department as to the respective times when the various statements and vouchers are to be furnished this office. I need not say that regularity in this respect will be as conducive to satisfaction in your department as in this office.

There is no intention to indicate want of zeal or intelligence on the part of any particular employee in the Public Works Department in what I feel called upon to say. Whether the unsatisfactory result comes from want of a sufficient number of assistants to the accountant or from their incapacity, must of course be determined inside of the department. I have seen much of the accountant himself in business relations and am sure that he is both earnest and capable.

I am, sir, your obedient servant,

Hon. J. ISRAEL TARTE,
Minister of Public Works.

J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, February 7, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter, dated the 1st instant, calling attention to delays in furnishing statements and vouchers in connection with the accounts of this department.

I am, sir, your obedient servant,

The Auditor General.

JOS. R. ROY, *Acting Sec.*

AUDIT OFFICE, OTTAWA, March 12, 1901.

DEAR MR. TARTE,—I have a better opportunity now to go into the examination of the Charleson and Taché accounts than I will have in the near future. I wish that you would instruct Mr. Kingston to do at once what is required in the department in connection with accounts, and then forward them to this office.

I am, sir, your obedient servant,

Hon. J. ISRAEL TARTE,
Minister of Public Works.

J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., March 14, 1901.

MY DEAR MR. MCDOUGALL,—Instruction will be given to Mr. Kingston to comply with your request, as per your letter of March 12.

I am, sir, your obedient servant,

The Auditor General. J. ISRAEL TARTE.

Yukon Vouchers to be Audited by Accountant in June, 1901.

PUBLIC WORKS DEPT., May 30, 1901.

SIR,—The accountant of the department has sent over to your department this morning, as promised, the vouchers for the expenditure on the Quesnelle-Atlin telegraph line, from its inception to the month of November last (1900). As I told you yesterday, I have arranged with the accountant of the department, Mr. Kingston, that he shall at once, and personally, undertake the classification of the vouchers in our hands for the Bennett-Dawson line, and prosecute the work without delay, in order that they may be placed in your hands as quickly as possible. This will permit of Mr. Hardy leaving for Vancouver to join Mr. Charleson, and also, I hope, of your issuing at once the credit of $11,000 applied for yesterday by the department on behalf of Messrs. Charleson and Hardy.

Mr. Charleson has wired me yesterday that he feared difficulties on account of delay in paying the men, and part of the credit asked for is to be applied for that purpose.

I am, sir, your obedient servant,

The Auditor General. A. GOBEIL, *D.M.*

Mr. Hardy wanted in Ottawa until Examination is Completed.

AUDIT OFFICE, OTTAWA, April 10, 1901.

DEAR MR. TARTE,—I have had some conversation with Mr. Kingston and Mr. Hardy about the Charleson accounts. I think it is important that Mr. Hardy should not leave Ottawa until there is a full adjustment of these accounts. I am glad to know that he is making considerable progress with them.

Then, whatever has been done in connection with the stores account, Mr. Gilchen, or whoever is store-keeper for the future, should take at once a full inventory of the stores on hand and be able to show at the end of the season where they, as well as any additions which have been made to the stores, have gone.

I should like to have a line from you indicating that you agree with me in these views.

I am, sir, your obedient servant,

Hon. J. ISRAEL TARTE, J. L. MCDOUGALL, *A.G.*
Minister of Public Works.

AUDIT OFFICE, OTTAWA, May 25, 1901.

SIR,—I have been informed this morning by Mr. Hardy of your department that, notwithstanding your intention that he should not leave for the coast until after an

adjustment of the old Charleson accounts, your minister has instructed him to leave on Monday next, the accounts not having been adjusted. I presume that there is some misunderstanding by him.

I am, sir, your obedient servant,

The Deputy Minister, Public Works. J. L. McDOUGALL, *A.G.*

Conditions of Yukon Letter of Credit.

PUBLIC WORKS DEPT., OTTAWA, May 28, 1901.

DEAR MR. McDOUGALL,—I require a credit of eleven thousand dollars ($11,000) to be issued to Messrs. Charleson & Hardy to make immediate and urgent payments, mainly wages.

I have decided to send an able and experienced accountant and business man to have a thorough inspection of the books, stores, &c., the whole situation, so as to control and supplement the information that we have now in our possession. Indeed, I would be glad if you would send one of your men to act jointly with the man appointed by my department.

Believe me, truly yours,

The Auditor General. J. ISRAEL TARTE.

AUDIT OFFICE, OTTAWA, June 3, 1901.

SIR,—Let me acknowledge receipt of your letter suggesting that one of the Audit officials accompany the accountant whom you propose sending to the Yukon.

I regret being unable at this season to detach any one from the preparation of the annual report.

I am, sir, your obedient servant,

Hon. J. ISRAEL TARTE, J. L. McDOUGALL, *A.G.*
Minister of Public Works.

Conditions of Yukon Letter-of-Credit.

AUDIT OFFICE, OTTAWA, May 30, 1901.

SIR,—With reference to the Yukon telegraph expenditure, I wish that you would draw the attention of Messrs. Charleson & Hardy to the advisability of keeping in mind the following directions, as well as any other which may occur to yourself :—

1. The larger accounts, which can be, without inconvenience to the creditors, paid by departmental cheque, should be so paid.

2. With reference to other accounts, those which can be paid by letter-of-credit cheque should be paid in that way.

3. With reference to cash disbursements, they should be confined mainly to petty contingencies, travelling expenses and men's wages.

Regarding both travelling expenses and men's wages, the accounts should be made up at the end of each trip, the necessary dates and statements, with accounts and vouchers furnished, and the unexpended balances refunded.

4. As required by the 33rd section of the Audit Act, evidence should be given that the goods charged have been received, and that the prices charged are fair and just.

5. At the end of each month, a list of cheques drawn against the credit should be made out and forwarded to the Department of Public Works to enable the department to repay the bank.

6. At the end of the month there should also be furnished all vouchers which have been received during the month, numbered to show their connection with the sums for which they are vouchers.

7. There should also be an explanation showing the reason for the absence of vouchers for any payment during the season which has not been previously accounted for.

I am, sir, your obedient servant,

The Deputy Minister, Public Works. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, June 13, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter dated the 30th ultimo, referring to the Yukon telegraph expenditure, and stating that you wish that we draw the attention of Messrs. Charleson & Hardy to the advisability of keeping in mind the directions therein mentioned, as well as any other which may occur to the deputy minister.

I am, sir, your obedient servant,

The Auditor General. FRED. GELINAS, *Secretary.*

Cheques for year 1901-2 drawn before July 1, 1901.

AUDIT OFFICE, OTTAWA, August 20, 1901.

SIR,—Let me acknowledge receipt, from your department, of application No. 67 infavour of the Canadian Bank of Commerce in repayment of cheques amounting to $5,615.16 drawn by Messrs. Charleson & Hardy between June 7 and 21, 1901.

The application is marked as chargeable to the vote in 1901-2 for 'Telegraph Line between Port Simpson and Hazelton.'

Please describe the circumstances under which Messrs. Charleson & Hardy drew cheques in June, to be charged to the coming fiscal year, which was not to begin until July 1.

I notice that some of the services are 'wages from March to June.'

I am, sir, your obedient servant,

The Secretary, Public Works Dept. FREDERICK HAYTER, *for A.G.*

NOTE.—No answer has been received to this letter.—Jan. 24, 1902, J. L. McD.

Large Balances due to Messrs. Rochester and Trodden.

AUDIT OFFICE, OTTAWA, July 2, 1901.

SIR,—In a memorandum by Mr. Kingston concerning Yukon expenditure, I notice two sums shown as still due, namely, $11,061.83 to Jas. Trodden, and $22,467.13 to J. Y. Rochester.

As these are government officers on limited salaries, it does not appear probable that they advanced their own money. If the department made any guarantees, I should like to get all particulars, including cheques and statements of cheques. Il is quite

understood that I have no power to recognize in any way the system of drawing money through a bank without the existence of an appropriation and the usual letter of credit, signed by the Finance Department and this office. It, however, seems proper that I should assist in every way a department which may have made an arrangement which I was unable to authorize.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, January 25, 1902.

SIR,—Let me call your attention to my letter of July 2, 1901, asking for an explanation of the banking transactions by which Messrs Rochester & Trodden were enabled to become government creditors to the extent of $22,467.13, and $11,061.83, respectively.

I do not find that any answer has been received from you.

I am, sir, your obedient servant,

Hon. J. ISRAEL TARTE, J. L. McDOUGALL, *A.G.*
Minister of Public Works.

Defective Certificates on Yukon Vouchers.

AUDIT OFFICE, OTTAWA, July 3, 1901.

SIR,—I have received from the Public Works Department an application to pay to the Yukon local revenue account the sum of $13,759.06 on account of a bridge over the Klondike river.

The vouchers in support of this application have been collated, and are found to be deficient with respect to certificates.

Section 33 of the Audit Act provides that, in addition to any other certificates, all vouchers shall be certified 'work done,' or 'materials received,' as the case may be, and 'prices according to contract,' or 'prices fair and just,' the latter being for use when the contract has not been made under advertised tender.

The two bills from the Dominion Bridge Company are marked 'materials received'; the other certificates are all missing. Freight can be certified 'work done,' and 'price fair and just.'

The certificates should in all cases be made by officers having personal knowledge of the facts.

I am, sir, your obedient servant,

Mr. Commissioner Ross, Dawson, Y.T. J. L. McDOUGALL, *A.G.*

DAWSON, Y.T., July 17, 1901.

SIR,—I have your letter of the 3rd July respecting certain accounts which have been forwarded to you by the Department of Public Works, looking towards payment to the Yukon local revenue account of moneys expended by the Yukon Council in the building of a bridge over the Klondike river.

You point out that section 33 of the Audit Act has not been complied with, in that vouchers have not been properly certified to.

As to the freight bills, there was no reason why they should not have been certified as 'prices fair and just,' for, although the freight rates may be very high here, still there was no opportunity to bring the bridge in except through the one transportation company.

As for the account for the bridge delivered at Vancouver, all I can say is that from my own experience in purchasing many structures of this kind in the Territories, I am led to believe that the cost of this bridge at Vancouver does not seem to be out of the way.

I do not understand why Mr. Ogilvie, when the accounts were sent down, did not himself certify that the prices were fair and just. I can assure you that any accounts in future going down from this department will bear the proper certificates in every case, as I quite understand that you must have these certificates under the Audit Act before the accounts can be paid.

I am, sir, your obedient servant,

The Auditor General. J. H. ROSS, *Com'r.*

Re Telegraph Revenue, Bennett-Dawson Line.

AUDIT OFFICE, OTTAWA, Nov. 26, 1901.

SIR,—I have to call your attention to the delay in depositing the revenue of the Bennett-Dawson line remaining after the payment of the maintenance accounts.

In acquittance of the July return a deposit was made August 11 of $1,031.50, and another on October 1 of $2,275.79.

In acquittance of the October return the following deposits were made : December 22 of $158.29; January 5, $1,554.78, and January 7, $472.17.

In acquittance of the June 1901, return the following deposits were made: July 11, $167.79; July 24, $3,695.60, and August 15, part of deposit of $3,000, $1,249.64.

I cannot conceive of any explanation for some of the delays in making the deposits of the revenue, particularly of those for July and October. The delays may be either with those who use the line or with the collecting officers. I confess that I feel very anxious to get an explanation of these constantly recurring delays.

The total revenue of June appertaining to the government was $8,668.37. About 65 per cent of this was collected at Dawson, 15 per cent at White Horse, and 13 per cent at Bennett. Is there any reason why the operators at these offices cannot comply with the Treasury regulations and deposit every day when the receipts amount to $25 ?

I understand that you have instructed the superintendent not to pay maintenance accounts out of the receipts, but in future to deposit his gross receipts. This will enable the superintendent to more strictly comply with the regulations, which he should be required to do.

It would simplify the accounts if your officers in the Yukon and the Mounted Police officials would pay their telegraph accounts instead of having them percolate through the department.

I am, sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Nov. 26, 1901.

SIR,—I am without any reply to my letter of September 17 last, in reference to the delay in forwarding the returns of the Bennett-Dawson line.

In the adjustment of the returns up to June 30 last, the following items, claimed by the superintendent, have not come to account :—

Return of	June, 1900—Interior Dept., telegraph account....		$10 35
"	January, 1901—J. C. Taché,	"	24 75
"	February, 1901—J. C. Taché,	"	13 55
"	March, 1901—J. C. Taché,	"	8 80
"	May, 1901—J. C. Taché,	"	63 42

And the following items have been deducted from the maintenance accounts claimed : —

Return of	July, 1900—Advance to Supt. Crean..		350 00
"	May, 1901— "	Champagne..	40 00

The following deposits that have come to account are not claimed in the superintendent's returns :—

May 15, 1900—Part deposit of $4,799.43 at Dawson.....	$ 0 43
January 22, 1901—Part deposit of $1,816.92 at Dawson..	16 70
April 22, 1901—Deposit at Dawson.....	(a) 50 00
July 12, 1901—Part deposit of $278.36 at Ottawa.....	11 35
August 7, 1901—Deposit at Ottawa	123 88
Also entry warrant as per your application of May 7, 1901.....	(a) 1,313 23

I am, sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

(a) Mr. Crean, Superintendent, states that these items were credited in error to Revenue.

AUDIT OFFICE, OTTAWA, December 17, 1901.

SIR,—I have written you at the following dates :—October 25, 1900, March 14, 1901, April 15, 1901, September 17, 1901, November 26, 1901 (two letters), in reference and that the matter had been brought to the attention of the Honourable the Minister. Dawson Line. The only reply I received is your letter of April 20, 1901, stating that you had telegraphed the superintendent to send in his returns without further delay ; and that the matter had been brought to the attention of the Honourable the Minister.

I received yesterday from Mr. Keeley, summaries of the returns for July and August last, and I regret to say they are not at all satisfactory. The gross revenue of July was over $9,000. Of this amount over $5,500 accrued at Dawson, $1,400 at Bennett, and $1,260 at White Horse. If the regulations of the Treasury Board had been carried out the collections from day to day would have been deposited as collected, and the balance for the month, shortly after its close. The deposits made were as follows : August 7th, $1,750.36 ; 13th, $195.44 ; 21st, $2,245.79 ; September 5th, $2,000, and September 23rd, $872.96. The deposits for the August revenue were equally late.

By this practice there is nothing to prevent the revenue collected during any one month from being used in making good the revenue of the previous month.

I submit that immediate action should be taken with the view of having this revenue deposited more promptly.

I am, sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

DEPT. PUBLIC WORKS, OTTAWA, December 19, 1901.

MY DEAR MR. McDOUGALL,—The secretary of my department has shown me your letter of December 17. We have, over and over again, given positive instructions to the superintendent of our telegraph system, in reference to the returns of the revenue. Mr. Crean is on his way to Ottawa. He will be here within a week, I hope. I need not tell you that I will make it a point to have the case thoroughly inquired into. I am not in a position to say more to-day—except, perhaps, that the conditions in that part of the country are so different from others, that, I suppose, there must be reasons for the delays that have taken place. However, we will know all about it without great additional delay.

Truly yours,

J. ISRAEL TARTE.

Re Arrears Due for Rent of Building at Windsor, Ont.

AUDIT OFFICE, OTTAWA, April 24, 1901.

SIR,—On the 11th inst., it was stated in the House of Commons by the Minister of Agriculture, in the absence of the Minister of Public Works, that Mr. Aurele Pacaud owed $210 for the rent of a building at Windsor, Ont.

This is the first intimation of the transaction that has reached this office. I have to ask that, in future information should at once be furnished of any arrangement made by your department from which revenue may be expected to accrue.

Please explain why you did not report this lessee in arrears in reply to my letters of October 6 and November 12 last, asking for all arrears due to your department?

Why was Mr. Pacaud paid $36.50 for advertisements by your department during 1899-1900, and he in arrears for rent at the same time?

What action has been now taken to recover the amount due?

I am, sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, May 21, 1901.

SIR,—Adverting to your letter of the 24th ultimo, relative to the amount due by Mr. Aurèle Pacaud for the rent of a building at Windsor, Ont., I have the honour to say that our Collector of Revenue is making a strong attempt to collect the arrears due by Mr. Pacaud.

I am, sir, your obedient servant,

The Auditor General. JOS. R. ROY, *Acting Sec.*

Re Wharfs and Piers.

AUDIT OFFICE, OTTAWA, November 12, 1901.

SIR,—I have to call your attention to the correspondence of March, 1900, in reference to the transfer of certain wharfs to the Department of Marine and Fisheries (See Audit Report, 1899-1900, pages P—178-179-180 and 181).

Have any of these wharfs been since transferred ? Has your department collected wharfage at any of them, or is it the practice to allow the public free use of a wharf till transferred to Department of Marine and Fisheries ?

I am, sir, your obedient servant,

The Deputy Minister, Public Works. J. L. McDOUGALL, *A.G.*

AUDITOR GENERAL'S REPORT
1900-1901
